# Program 7\_01

---

Дурын хоёр тоо өгөгджээ. Өгөгдсөн тоонууд дээр математикийн үндсэн дөрвөн үйлдлийг хийж үр дүнг хэвлэ. Ингэхдээ их утгаас нь бага утгыг хасч, бага утгаар нь их утгыг нь хуваана.

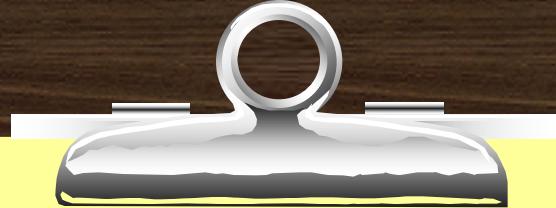

a, b – гараас авах

# Summary

- ℳ *Programming practice*
- ℳ *Standard operators*
- ℳ *Test for program*

A clipboard with a yellow sticky note attached. The sticky note has a metal clip at the top and a slightly irregular, torn edge on the left. The background is a dark wood grain.
